**ANNOUNCEMENT OF RESULTS OF INDIA SCIENCE AND RESEARCH
FELLOWSHIP (ISRF) PROGRAM 2020**

The Department of Science & Technology, Government of India invited applications from researchers/scientists in **Afghanistan, Bangladesh, Bhutan, Maldives, Myanmar, Nepal, Sri Lanka** and **Thailand** to visit India under the India Science and Research Fellowship (ISRF) Programme to pursue research in frontier/advanced areas of Science and Technology including Engineering, Medicine and Agriculture for a period of 3-6 months.

A total of 66 applications received from Afghanistan, Bangladesh, Bhutan, Maldives, Myanmar, Nepal and Sri Lanka were reviewed by a Panel of Experts. Based on research proposal, experience, academic merit and publication record, 40 candidates were recommended for the award of India Science and Research Fellowship (ISRF) 2020. The awardees will be informed separately to complete administrative formalities to avail this award.

These visits will happen when travel restrictions will be lifted. Since we have limited time and travel restrictions in this FY, then we shall conduct the programme in FY 2021-2022.

The awardees are requested to stay in touch with their host institutes (through email/phone/virtual platforms) and may start to work on the prerequisites needed for their project. Those who have not selected any host institute yet are requested to finalize the same at the earliest and report to the concerned authorities.

The country wise list of awardees is given in **Annexure-I (Attached)**.
